

Akash Kumar Sharma

Full-Stack Developer

Summary

A Full Stack Developer with just a year's experience, I am getting comfortable with HTML, CSS, and JavaScript. It means I can make websites look good and do some neat tricks when you interact with them. I am eager to learn more, especially about the behind-the-scenes stuff like databases and servers. I enjoy tackling problems and making websites even better.

EXPERIENCE

Osculant Technologies Pvt Ltd — Full-Stack Developer

April 2023 – Present

As a Full Stack Developer at Osculant Technologies Pvt Ltd, I have led projects like Horeca Guardian and StayinBraj, revolutionizing hospitality with seamless online management and booking solutions, enhancing efficiency worldwide.
