SUMMARY

Passionate **Web Developer** with over **1 year of hands-on experience**, dedicated to creating responsive, user-friendly, and efficient web solutions. I specialize in JavaScript and am proficient in HTML, CSS, PHP, MySQL, and Tailwind CSS. Known for my adaptability and relentless passion for continuous learning, I am **currently employed at Osculant Technologies**, where I contribute to various projects and enhance my technical skills.

SKILLS

HTML 5 & CSS 3	JavaScript	PHP & MySQL	REST API	CodeIgniter 3
jQuery	Bootstrap	Tailwind CSS	ReactJS (Basic)	Git & GitHub
Problem Solving	Team Work	Adaptability		

EXPERIENCE

Web Developer at **Osculant Technologies Pvt. Ltd.**
July 2023 - Present

- **Horeca:** I developed a hotel and restaurant management website using CodeIgniter 3. This project involved implementing features for booking, room inventory management, and staff management. Additionally, we integrated WebSocket for real-time updates and incorporated payment gateways to facilitate seamless transactions.

- **Hotel Shree Radham / Darshnam:** I developed these websites with team, making it easy for guests to book rooms securely online. We also added a payment system for smooth transactions and ensured the site worked well con all devices.

- **StayInBraj:** I developed a booking engine website for multiple purpose (Hotel booking, e-commerce, food order, real estate, travelling). My work focused on improving the UI design and creating booking functionalities. The goal was to deliver a user-friendly interface that streamlined the reservation process for users.

- **Shri Ganesh Enterprises:** I developed a user-friendly website for uPVC products, focusing on easy navigation and streamlined ordering. The site featured responsive design for optimal viewing on all devices, showcasing a variety of offerings and services effectively.

- **Braj Property:** I designed and developed a user-friendly real estate website specifically for Mathura, featuring intuitive navigation, detailed property listings, and responsive design for seamless browsing on all devices.
